**Tee-off from 11:00 a.m., Tee 1 Arnold Palmer** course in groups of 4.  
Desired flights will be considered. See lists on the notice board

## Announcement

### Type of

#### **tournament:**

A 2 ball scramble according to Stableford is played over 9 holes according to the DGV default system, not handicap qualifying. The two course handicaps of the players are added and then halved. This results in a common default for each team of two.

#### **Scramble:**

The game is played in teams of two. Each team plays two balls from the tee. The better ball may be selected and both players play one ball each from the spot. The second player places his ball one scorecard width in the place of the ball played. This repeats itself until a ball is holed.

#### **Rules:**

It will be played according to the official golf rules of the DGV and the course rules of the local golf club. These can be inspected at the secretary's office during the day. Use of golf carts etc. vehicles are only allowed after prior approval by the tournament management. The use of optical/electronic distance measuring devices is permitted..

#### **Extra rule:**

The total score may be "tuned" when returning the score cards. I.e. with an appropriate donation the net points can be upgraded. The simple principle "the higher the donation, the higher the revaluation" decides. I.e.: For example, for 10 teams, the team with the highest donation will receive a 20% bonus, the team with the second highest donation will receive an 18% bonus, etc. (exact distribution see attachment).

#### **Eligible for start:**

All persons are eligible to start if they can prove that they have at least golf hcp - 54 and are members of a club of the DGV/ EGA. A maximum of 36 entries (pairs) will be considered. If more entries are received, a waiting list will be kept according to the date of entry.

#### **valuation:**

Net score. The 3 best net results receive non-cash prizes. If both players are not present at the award ceremony, the prizes go to the next placed pair. If the results are the same, the prizes will be awarded according to the regulations of the DGV until a decision has been made. In net terms, this will be done according to the rules of the DGV. If this does not result in a score, the decision will be made by lot.
