Golfclub Hamburg-Walddörfer e.V., Schevenberg – 22949 Ammersbek

Telefon: 040-6051337 - www.ghw.golf

Dear German Rainbow Golfers,

for the 9th Hamburg Rainbow Masters, the tournament presents itself in a new look! After many successful years at Treudelberg, it's time for a change. With the new location we are offering you a remarkable upgrade. We have been able to attract two well-known names to host the event. The **Golfclub Hamburg-Walddörfer e.V.**, which according to the magazine "Golf Magazin" is one of the best 15 courses in Germany, is delighted to welcome us! The traditional club impresses with a modern 100-year-old clubhouse, a fantastic parkland course with magnificent trees and a phenomenal viewing terrace. The clubhouse gastronomy will spoil us with culinary delights at the halfway house on the round and then with the barbecue buffet after the round. This is guaranteed by the illustrious name of **AC Chefs & Friends by Cornelia Poletto** with chef Aurel Celeshi. Before dinner we are served Poletto's Amalfi lemon sprizz (non-alcoholic on request).

These are all the very best conditions for a perfect day of golf with family & friends. We are expecting a significantly higher number of participants this year and have increased capacity. It pays to register quickly. It guarantees your participation and makes planning easier for us.

Questions to 9th Hamburg Rainbow Masters to Martin Meinert:

15. GC Hamburg-Walddörfer e.V.

18 unique holes on the outskirts of the Hanseatic city of Hamburg offer top-class playing pleasure away from the hustle and bustle of the city. After the course, which was originally designed by Bernhard von Limburger, was renovated and extensively rebuilt by Christoph Städler in 2015, players from all over Germany are delighted with the course. The parkland course repeatedly features steep slopes, with giant trees and rhododendron bushes lining the fairways. Fast greens with strong undulations require a skillful eye when reading the putting lines. The view from the club terrace across the fairways down to the Bredenbek pond is a poem.
